## B. PLANNING & CONSTRUCTION

1. No record has been found of the construction of this building. It does not appear on the 1928 plot plan for Building 023.

On January 4, 1932 the Cabinet denied a request to install a toilet in the "Farm Shop Building" at the Waterman Farm.

The shop building does show on the November 1932 plot plan for Building 330.

Thus it would appear that the building was constructed between 1928 and early 1932.
